[redacted] Comment: The KVP personnel mentioned probably belonged to Bereitscharaten of the Ministry of Interior stationed in Potsdam and Oranienburg. Shipments by rail of KVP personnel between Potsdam, Oranienburg and the Weisswasser group training grounds are identified for the first time.

25X1

[redacted] Comment: The trains probably carried KVP personnel transferred from TV 4000 to the Bereitschaft Brandenburg-Hohenstuecken and Bereitschaft Oranienburg which are directly subordinate to the Ministry of Interior.

25X1

[redacted] Comment: The trains probably carried engineer details which received training at the engineer battalion [redacted] stationed in Kuechensee near Storkow.

25X1

[redacted] Comment: These KVP trains were previously reported. They carried contingents of the Division Prora which were transferred to Berlin.

25X1

[redacted] Comment: It is assumed that contingents of the Division Prenzlau employed in Berlin were shipped back to Droegeheide. They probably were relieved by KVP personnel of the Division Prora which has been recently transported to Berlin.
